

Common Words & Vocabulary Games

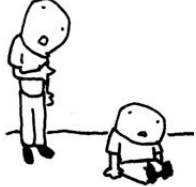

A good game to play with more than one learner. Goal: practice common words and sentence and question formation.

- 1) Deal out the chosen subset (according to the lesson you're up to) of the Sentence Context cards to all players. Lay them out on the table face up so everyone can see them.
- 2) Put the matching subset of Word cards in a face-down stack. Learner picks the top word and reads it aloud. The player who has the matching Sentence Context card reads the sentence aloud, claims the word card, and removes the pair from the table.
- 3) The player who matches all their Sentence Context cards first - wins!
